MERAQUI

THE ETHOS

Some names carry meaning. Meraqui carries a way of life. Inspired by the Greek philosophy of Meraki—the art of pouring one's soul, passion and creativity into everything one does, it is born of the belief that life, when approached with intention and devotion, becomes something extraordinary. The inclusion of Phi, drawn from the Greek alphabet, deepens this conviction as a nod to the golden ratio, the universal signature of harmony, balance, and timeless beauty. Meraqui does not merely inspire an address. It defines a standard. A standard that is unprecedented and unheard of. It defines life, at its finest.

THE LOCATION

PR7 AIRPORT ROAD

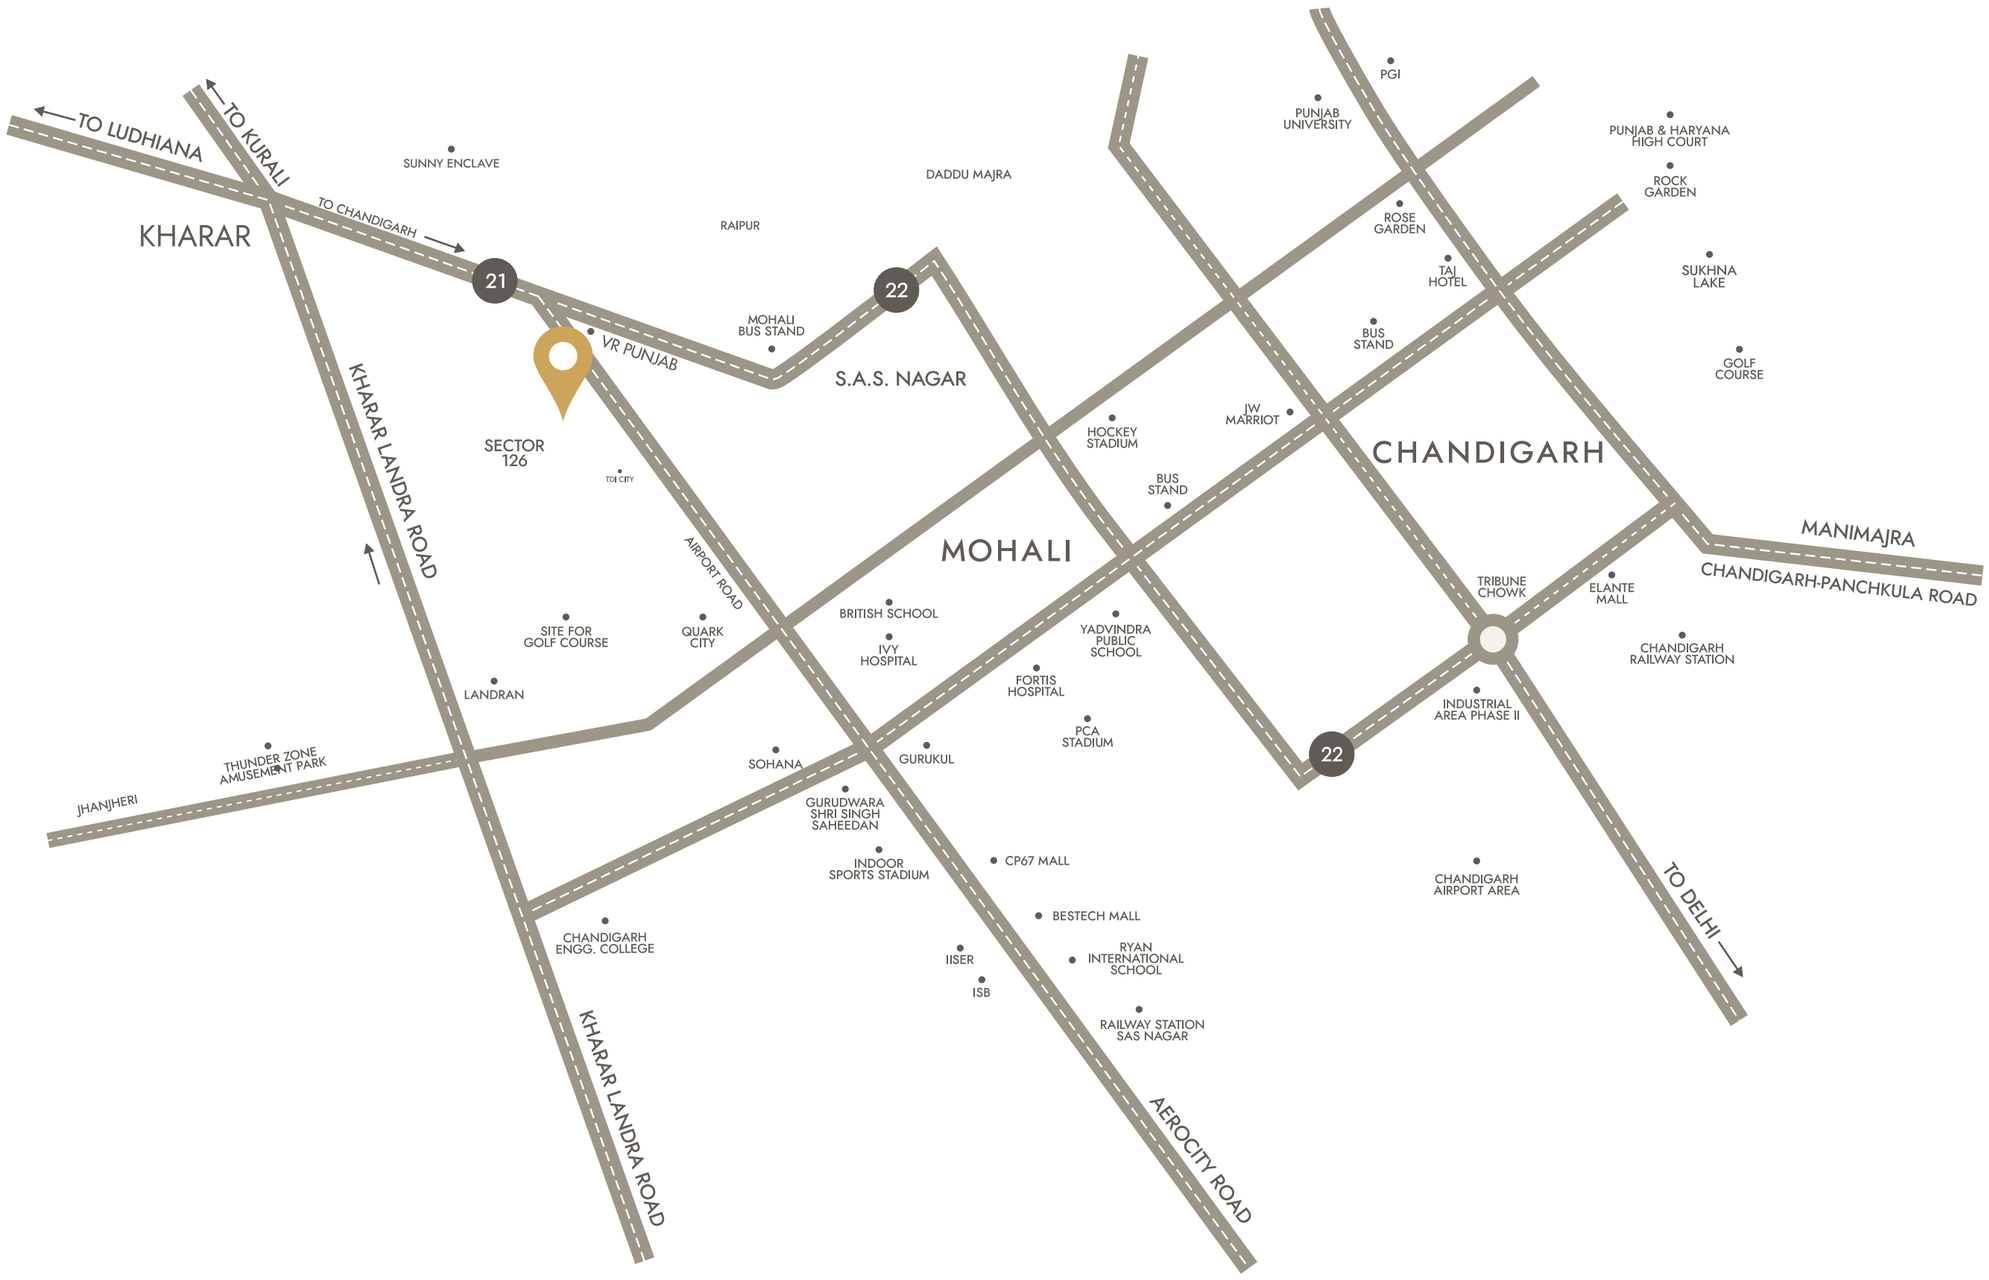

MOHALI'S MOST PROMISING MILE

The defining axis of the Tricity region's most significant transformation, the Airport Road, ensures seamless connectivity across one of North India's fastest-rising urban centres. For Meraqui, this location is not a backdrop. It is a declaration of transcendence that begins at exactly the right address.

THE ARCHITECTURE

UNVEILING THE MASTERWORK

A SILHOUETTE THAT TRANSCENDS TIME ITSELF

Meraqui's extraordinary spirit has been brought to life by some of the finest minds in the business. An inspiring collection of 444 residences, generously divided amongst 6 towering edifices, Meraqui is a groundbreaking development shaped by craft, creativity and culture.

THE EXPANSE
CONSECRATED TO BEAUTY

DESIGNED TO BREATHE, TO LINGER, TO BELONG

At Meraqui, every blade of grass, every ripple of water, every carefully placed stone is a testament to the belief that beauty is not decoration, it is devotion. Manicured gardens, lavish landscapes, fountains and water features; step outside into life simply at its best.

OPEN, ALIVE AND COMPOSED WITH INTENTION.

THE RESIDENCES

SANCTUMS OF GRANDEUR

MAGNIFICENCE YOU COME HOME TO, EVERY TIME

The residences at Meraqui have been conceived as a private world of grandeur, where classical elegance and exemplary opulence converge precisely. The 3 & 4 BHK homes are generous in every sense – in proportion, in material, in detail.

EVERY ROOM A SANCTUARY. EVERY DETAIL A CHOICE.

THE MERAQUI CLUB

PANTHEON OF INDULGENCES

A FACADE THAT SPEAKS OF
NOTHING ORDINARY.

ESCAPE INTO THE FINESSE

The greatest civilisations in history did not merely build structures. They built monuments to the way they believed life ought to be lived. At Meraqui, The Clubhouse is precisely that. Step inside, and the world outside recedes entirely. Gather. Unwind. Savour the good times.

THE WORLD BEYOND YOUR WALLS.

THE PRIVILEGES

TAILORED FOR TRANSCENDENCE

CURATED FOR THE LIFE YOU'VE CHOSEN

At Meraqui, each privilege has been chosen not for the impression it creates, but for the difference it makes to the cumulative experience of a life lived at its absolute finest, without friction or compromise.
